

Disposable Vaginal Speculum

**Recommended for routine
gynaecological exams**

- Made from hard, clear, non-toxic plastic resin of high strength.
- Allows examination of the vaginal mucosa at 360° angle without rotation.
- Provides wide range of adjustability, operation and manipulation.
- Lock-mechanism holds in place in various open positions.
- Adjusts for elevation and angle.
- Can be manipulated with one hand.
- Crystal clear transparency ensures maximum visibility, with no tissue discolouration.
